Objective and Philosophy of Teaching

I am seeking an organization which provides conducive & challenging working environment to explore my potential and enhance my skills.

Experienced and passionate Teacher with a love for educating today's youth. Adept in creating a comprehensive and well-rounded curriculum that meets education requirements and standards. Able to act as a facilitator of powerful learning experiences and e-learning, while allowing students to dictate certain lessons and lead with curiosity. Familiar with many renowned educational philosophies, aimed at supporting a child academically, emotionally, and socially. Bringing forth dedication, skill, and the desire to positively impact the lives of children. Working collaboratively with regulatory authorities and peak organization to develop and deliver presentations, workshops, articles, training, guidance materials and resources to build a shared understanding of the requirements and expectations of the authorized officers, educators, approved providers and interested others.

Assessing and promoting excellence in the delivery of early childhood and school age care programs and supporting continual quality improvement.

Providing advice on quality programs, practices and policies in early childhood education and school age care services and contributing to national reform and improvement processes.
