

Faculty of Public Health & Tropical Medicine

Department of Epidemiology

Internship Plan

Student Name:	
University ID:	
Graduation Year:	

Internship Plan

No.	Setting	Duration
1	Primary Health Care Center	12 Weeks
2	Administration of Infectious Diseases Control + Administration of Vector Control	7 Weeks (4 + 3)
3	General Hospital	14 Weeks
4	Healthcare Quality Administration	4 Weeks
5	National Center of Vector Control + Malaria Cont. Plant	9 Weeks (3 + 6)
6	Statistics Unit	2 Weeks
Total		*48 Weeks

*It could be 47, 48 or 49 weeks depends on the official holidays in Kingdom of Saudi Arabia

Internship Domains

No.	Setting	Domains	Duration
1	Primary Health Care Center	Demographic & Statistical Data in the Catchment Area	12 weeks
		Endemic Communicable & Non Communicable Diseases	
		Immunization	
		Nutrition Assessment & Promotion	
		Environmental Sanitation Inspection	
		Health Education & Promotion	
		Medical Records	
2	Administration of Infect. Dis. Control + Administration of Vector Control	Surveillance of Communicable & Vector Borne Diseases	7 weeks (4 + 3)
		Outbreak Investigation	
		Report Writing & Presentation	
3	General Hospital	Infection Control	14 weeks
		Healthcare Quality & Accreditation	
		Management of Hazardous Waste	
		International Classification of Diseases and Deaths	
		Health Education	
4	Healthcare Quality Administration	Standards & Indicators of Healthcare Quality	4 weeks
		Quality Improvement	
		Accreditation	
5	National Center of Vector Control / Malaria Plants	Investigation of Positive Cases of Vector Borne Diseases.	9 weeks (3 + 6)
		Prevention & Control Measures for Humans	
		Control of Vectors.	
		Precautions of Pesticide Application	
6	Statistics Unit	Data management & Analysis Using SPSS	2 weeks
		Vital Statistics	
Total			48 Weeks

Student Evaluation in the PHC

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Demographic & statistical data in the catchment area					
2	Endemic Communicable & Non Communicable Diseases					
3	Immunization					
4	Nutrition Assessment & Promotion					
5	Environmental Sanitation Inspection					
6	Health Education & Promotion Activities					
7	Medical Records					
8	Healthcare Quality & Accreditation					
Average Score of K & S (Total of all scores of K & S ÷ 8) =						
2. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =						

Name of the Intern:			
PHC Name:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:

Student Evaluation in the Administration of Infect. Dis. Control

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Surveillance of Communicable & Vector Borne Diseases					
2	Outbreak Investigation					
3	Report Writing & Presentation					
Average Score of K & S (Total of all scores of K & S ÷ 3) =						
2. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores divided by ÷ 10) =

Student Evaluation in the Administration of Vector Control

3. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Surveillance of Communicable & Vector Borne Diseases					
2	Outbreak Investigation					
3	Report Writing & Presentation					
Average Score of K & S (Total of all scores of K & S ÷ 3) =						
4. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores divided by ÷ 10) =						

Name of the Intern:			
Administration of Vector Control in:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:

Student Evaluation in the General Hospital

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Infection Control					
2	Healthcare Quality & Accreditation					
3	Management of Hazardous Waste					
4	International Classification of Diseases and Deaths					
5	Health Education					
Average Score of K & S (Total of all scores of K & S ÷ 5) =						
2. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =						

Name of the Intern:			
Hospital Name:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:	

Official Stamp

Student Evaluation in the Healthcare Quality Administration

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Standards & Indicators of Healthcare Quality					
2	Quality Improvement					
3	Accreditation					
Average Score of K & S (Total of all scores of K & S ÷ 3) =						
2. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =						

Name of the Intern:			
Healthcare Quality Administration in:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:

Student Evaluation in the National Center of Vector Borne Dis.

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Investigation of Positive Cases of VBD					
2	Prevention & Control Measures for Humans					
3	Control of Vectors.					
4	Precautions of Pesticide Application					
Average Score of K & S (Total of all scores of K & S ÷ 4) =						
2. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =

Student Evaluation in the Malaria Control Plant

3. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Investigation of Positive Cases of VBD					
2	Prevention & Control Measures for Humans					
3	Control of Vectors.					
4	Precautions of Pesticide Application					
Average Score of K & S (Total of all scores of K & S ÷ 4) =						
4. Behavior						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =						

Name of the Intern:			
Malaria Plant in:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:

Student Evaluation in the Statistics Unit

1. Knowledge & Skills (K&S)						
No.	Domains	Grade				
		1	2	3	4	5
1	Data management & Analysis using SPSS					
2	Vital Statistics					
Average Score of K & S (Total of all scores of K & S ÷ 2) =						
2. Behaviour						
No.	Criteria	Grade				
		1	2	3	4	5
1	Regular attendance on time					
2	Communicate properly.					
3	Perception of personal limitations and ask for help & advice.					
4	Maintain confidentiality of data.					
5	Show respect for other opinions.					
6	Work cooperatively and is reliable					
7	Complete tasks on time.					
8	Respect colleagues, including non- professionals.					
9	Realize the importance of continuing professional development.					
10	Demonstrate self-analysis to identify strengths and deficiencies.					
Average Score of Attitude (Total of all attitude scores ÷ 10) =						

Name of the Intern:			
Statistics Unit in:			
Name of the Supervisor:		Signature:	
Name of the Director:		Signature:
