JAZAN UNIVERSITY

### ***Mission:***

The community service unit at Jazan University, College of Pharmacy was founded to help the college achieve its mission and goals as well as to link students and staff at the college of pharmacy with the community through the provision of awareness and training programs with qualified staff in order to generate effective community services and partnership.

### ***Purpose:***

The aim of the community service unit is to highlight the role of the College of Pharmacy, community Service unit in developing the capabilities of health care professionals, caregivers, public and institutions with innovative and positive solutions to social problems through the provision of awareness and training programs with qualified staff to create effective community services and partnership.

The Vice Deanship of clinical affairs and the Chairman of community service unit takes the responsibility in developing and approving the annual plan of community service. The CPD unit, various departments and Balsam club are responsible in conducting the activities. Staff members can also contribute to community service activities at an individual level. To link between academics and community services, few courses are well aligned with the program learning outcomes that are based on community services.

### ***Policies:***

- Clarifying the importance of the role of College of Pharmacy employees in community service.
- Highlighting the role of the various departments, units and staff at the College of Pharmacy in the field of community service.
- Determining the most important issues and problems of society.
- Implementation of the approved community service plan.
- Participating and organizing a number of meetings, seminars, scientific lectures and training courses that contribute to community service.
- Establishing partnerships with various community institutions and spreading awareness in the community, health care professionals and patients.
- Measuring the satisfaction of societal parties with the community services provided by College of Pharmacy.

*Organizational Structure*

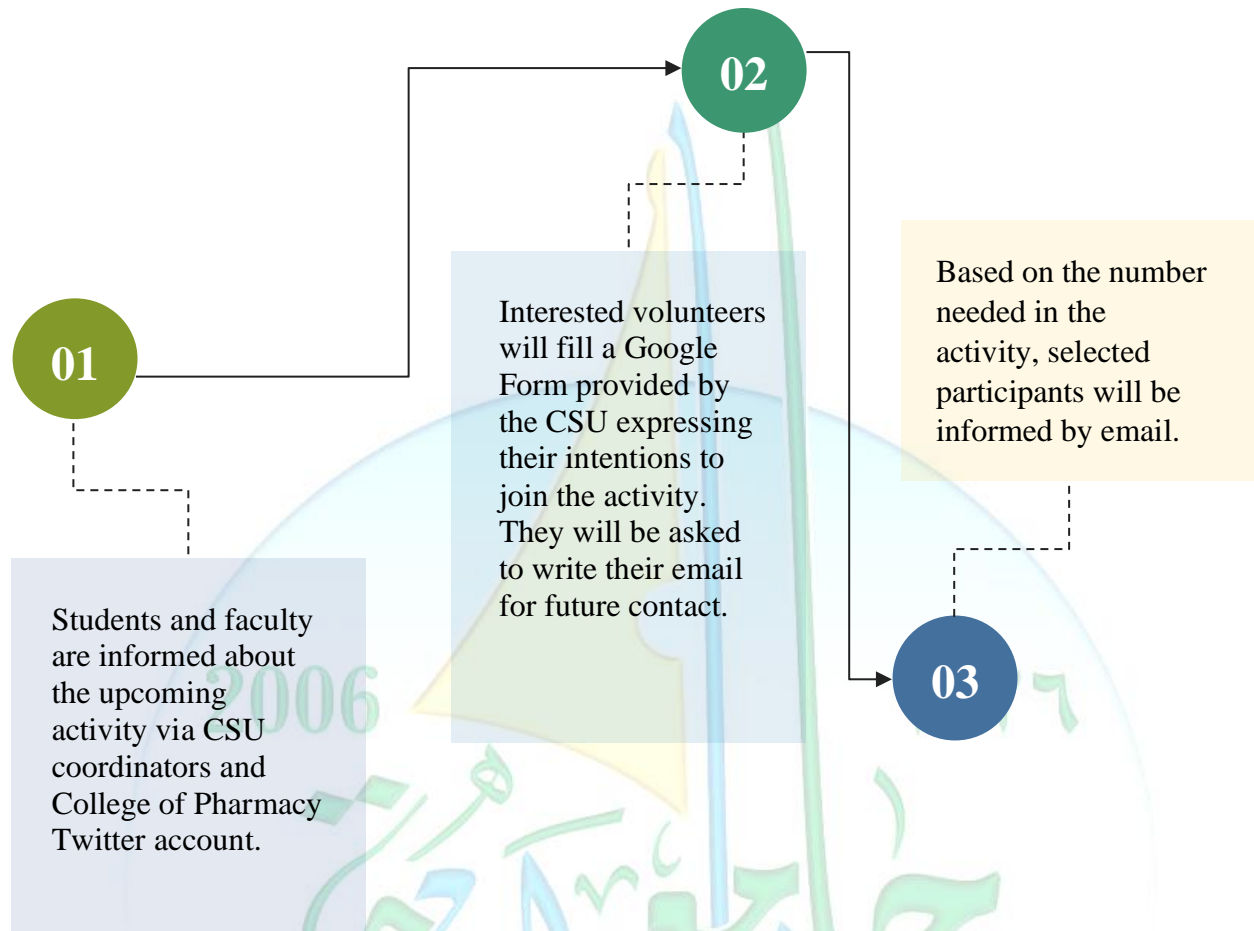

## The Roles of The Community Service Coordinators are as Follows:

### The coordinators (for both male and female sections)

- To coordinate and communicate with the Head of the Community Services
- To organize and conduct surveys to identify the need of community services in the local community.
- To coordinate with college departments and Balsam students club on establishing the CSU activities plan
- To update the CSU plan annually or when required
- To document all the activities conducted by the CSU and upload them to the College of Pharmacy, Jazan University OneDrive Folder

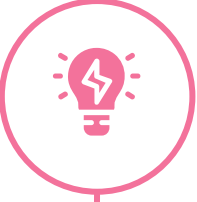

Participation in community service activities follows the following procedure:
