## **JAZAN UNIVERSITY HOSPITAL FIELD VISIT**

### **Introduction:**

- **Jazan Hospital is located inside the university campus, and it is a university hospital that serves Jazan people and trains students in the medical sector at the university.**
- **The students visit the hospital as part of their study of the Architectural Design4 Course which is for a general hospital design project**
- **A visit was carried out to all hospital components to learn about the various functions, functional relationships and construction systems**
