

Nof Turki Alharbi

Kingdom of Saudi Arabia

E-mail address: nofalharbi@jazanu.edu.sa.

QUALIFICATIONS

2002-2005 Bachelor of Mathematics, King Abdul Aziz University.

2011 Certificate in English for Tertiary Studies, which equivalent to IELTS result of 7.0 from Canterbury of University, Christchurch, New Zealand.

3/12/2012 I was awarded by a Postgraduate Diploma qualification from Waikato University, Hamilton, New Zealand.

2013-2014 I was awarded by a Master's degree in mathematics, Waikato university, New Zealand.

2019 I awarded PHD degree from King Abdul Aziz University in Topology and Topological Groups.

PUBLICATIONS

-“ α Contractive mappings on rectangular b-metric spaces and an application to integral equations”,

Authors: Nof Alharbi, Hassan Aydi, Abdelbasset Felhi, Cenap Ozel, Slah Sahmim

JOURNAL OF MATHEMATICAL ANALYSIS

ISSN: 2217-3412, URL: WWW.ILIRIAS.COM/JMA

VOLUME 9 ISSUE 3(2018), PAGES, 47-60.

(ISI Journal)

-“ORDER-THEORETIC METRICAL COINCIDENCE THEOREMS INVOLVING (ϕ, ψ) -CONTRACTIONS”,

Authors: Nof Alharbi, Hassan Aydi, QAMRUL HAQ KHAN, Cenap Ozel

JOURNAL OF MATHEMATICAL ANALYSIS

ISSN: 2217-3412, URL: WWW.ILIRIAS.COM/JMA

VOLUME 9 ISSUE 5(2018), PAGES, 119-135.

(ISI Journal)

-“Characterizations of strongly gp-normal spaces”

Authors: **Nof Alharbi**, Saeid Jafari, Cenap Ozel

Appear in "Selected papers of the 2018 International Conference on Topology and its Applications" (Greece)

-“On *gp-irresolute and *gp-topological invariant”,

Authors: **Nof Alharbi**, Saeid Jafari, Cenap Ozel

Appear in "Selected papers of the 2018 International Conference on Topology and its Applications"

-“Rough spaces on covering based rough sets”

Authors: **Nof Alharbi**, Hassan Aydi, Cenap Ozel

EUROPEAN JOURNAL OF PURE AND APPLIED MATHEMATICS

ISSN: 1307-5543 - www.ejpam.com

VOLUME 12 No 2, 2019, PAGES, 532-542

ISSUE 4(2019), Published by New York Business Global

(ISI Journal)

“Rough action on topological rough groups”

Authors: **Nof Alharbi**, Alaa Altassan, Hassen Aydi, and Cenap Özel, Applied general topology. 2 (2020), 295-304. [Emerging Sources citation-

[ISI Journal]

-“Rough Quotient in topological rough sets”

Authors: **Nof Alharbi**, Alla Altassan, Hassan Aydi, Cenap Ozel

Open Math. 2019; 17:1750–1755.

[ISI Journal]

**“Rough topologies on classical and based covering rough sets
with applications in making decisions on chronic
thromboembolic pulmonary hypertension”.**

Nof Alharbi, Hassen Aydi, Cenap Özel, Selcuk Topal. International Journal of intelligent Engineering Informatics 8(3):173-185,2020.

CONFERENCES

10th scientific forum for King Abdelaziz university students Conference 5-7 March 2019

I attended the math day held at King Abdelaziz University, in March 2018.

WORKSHOP

1- Project Based Learning in Education, the center for teaching and learning development, (KAU, January 2020).

2- Blackboard, Deanship of information technology, King Abdulaziz University (March 2020).

WORK EXPERIENCES

I worked at king Abdelaziz university as teaching collaborator, to teach General math, Calculus, Analytical engineering and Topology over two years (2020 - 2022).

Currently, I have been working at Jazan University since 2023.

ADMINISTRATIVE WORK

I was a member of the academic development committee in the mathematics department.

Now, head of the mathematics department at Adarb university college.

GRANTS and SCHOLARSHIPS

Grant: On Rough Topological Groups

Funding: SAR 108000 **King Abdul Aziz University** DSR Deanship of Research scientific

KEP-PhD-2-130-39

Principal Investigators: Cenap Ozel, KAU King Abdul Aziz University

Co-investigators: Hassen Aydi and **Nof Alharbi**

- KEP-PhD-2-130-39

Principal Investigator: Cenap Ozel • KAU King Abdul Aziz University

Co-investigators: Hassen Aydi and Nof Alharbi

In 2012, I was honored from Saudi Culture Mission in New Zealand for my academic achievement.

Scholarships

In 2009, I was honored a **scholarship** to **New Zealand** for my academic achievements.
