

List of Thesis Title

Supervisor Name	Student Name	Date of Enrollment	Date of Graduation	Specification	Title of thesis
Prof. Dr. Nadia Arafa	Hawazen Ali Nasser Talbi	2017	2019	Zoology	Impact of Khat (Catha edulis) Extract on Reproductive Tract in Female Rats
Prof. Dr. Nadia Arafa	Sihaam Zaid Mohamed Abu Talib	2017	2019	Zoology	Effect of Mayrrh Extract on Wound Healing in Adult Albino Rats
Prof. Dr. Nadia Arafa	Huda Mohamed Ahmed Hamdi	2017	2019	Zoology	Effect of Ethanolic extract of Aloe vera on Wound Healing in Albino Rats
Prof. Dr. Emad Abdulmonem Abada	Abdullah Yahya Ali Ghazwani	2017	2020	Microbiology	Molecular characterization of gene encoding halo-tolerant amylase from bacterial isolates of Jazan region
Dr. Khateeb Sayed Ismail	Mohamed Hamad Ahmed Halwash	2017	2020	Microbiology	Preliminary characterization of nasal isolates from healthy male students from Jazan University
Prof. Dr. Tarek Mohamed Abdel Ghany	Abdullah Yahya Mohamed Suhani	2017	2020	Microbiology	Controlling of fungal growth and their mycotoxins in agricultural grains with using safe alternatives in Jazan region.
Dr. Mohamed Mohsen Al-Awlaqi	Faisal Ahmed Mohamed Hattaty	2017	2020	Microbiology	Effect of inoculation with local isolates of nitrogen fixing and phosphate solubilizing bacteria on the growth of white sorghum under saline stress
Prof. Dr. Abdel Nasser Abdullah Saleh Al-Jafri	Salman Najeh Jaber Sahlooly	2017	2020	Botany	Flora and Ethnobotany of Wasaa District, Haroob Governorate, Jazan Region.
Prof. Dr. Abdel Nasser Abdullah Saleh Al-Jafri	Yahya Hassan Mohamed Sameeli	2017	2020	Botany	Floristic diversity and communities analysis of Wadi Shahdan, Jazan
Dr. Ashraf Ali Salman Younis	Khalid Jaber Ahmed Makhli	2017	2020	Botany	Ecological studies of cement dust pollution on vegetation of Ahd-Al Masrh-Jazan region, Kingdom of Saudi Arabia.
Dr. Tarek Mohamed Yousri Al-Sheikh	Abdullah Mohamed Salman Al-Harisi	2017	2020	Zoology	Flies causing myiasis (Diptera: Calliphoridae) in Jazan region, Saudi Arabia: seasonal prevalence and control by some plant extracts
Dr. Adel Mohamed Yahya Al-Habbabi	Ahmed Mohamed Ahmed Hazazi	2017	2020	Zoology	Characterization and Genetic diversity of Kanand Fish (Scomberomourus commerson) population in Red Sea, Jazan Region.
Prof. Dr. Abdullah Tharwat Abdullah Abdel Khalek	Essam Jibril Ali Al-Jibril	2017	2020	Zoology	Genetic characterization and diversity of Deer population at Jazan, Saudi Arabia
Prof. Dr. Ahmed Al-Zahri Zaid Farraj	Saud Hamad Mohamed Sameeli	2017	2020	Zoology	Effect of Khat extract (Catha edulis Forsk) on testicular maturation in prepubertal and pubertal rats: Morphological and Biochemical study.
Dr. Mohamed Aslam Khan	Anwar Ali Yahya Siraj	2017	2020	Zoology	Study on the control of subterranean termites by some plant extracts

List of Thesis Title

Prof. Dr. Yahya Suleiman Jaber Masrahi	Suha Abdullah Awad Basahi	2017	2020	Botany	Studies on some ecological adaptation aspects of two leaf Succulents from Jazan, SW, Saudia Arabia.
Prof. Dr. Yahya Suleiman Jaber Masrahi	Arwa Khalid Nasser Khawaji	2017	2020	Botany	Ecological Studies on two Succulent Species of Apocyanacea, Southwestern Saudi Arabia
Dr. Lameya Farouk Abdel Ghafar Mohamed Shalaby	Zahra Hamad Ali Ajeebi	2017	2020	Botany	Taxonomic study of some taxa of Apocynaceae sensu lato in Jazan Saudia Arabia.
Dr. Lameya Farouk Abdel Ghafar Mohamed Shalaby	Fidaa Sadiq Ibrahim Ateef	2017	2020	Botany	Taxonomic, Ethnobotanic Study of Genus Commiphora jack (Burseraceae) in Saudi Arabia.
Dr. Lameya Farouk Abdel Ghafar Mohamed Shalaby	Ghada Mohamed Ali Dehl	2017	2020	Botany	Taxonomical and Ecological significance of morpho-anatomical variations in Acacia tortilis (Forssk) Hayne (Fabaceae, Mimosoideae).
Prof. Dr. Tarek Mohamed Abdel Ghany Ahmed	Maryam Mohamed Yahya Hassan	2017	2020	Microbiology	Nano technology applications for enhancing the anti-fungal activity of some plant extracts
Prof. Dr. Asmaa Abdel Hamid Maqbel Zaid	Nada Zeilai Abdu Qatr	2017	2020	Microbiology	Molecular studies on some biocontrol agents used in biological controlof root-knot nematode attacking tomato in Jazan area
Dr. Rehab Ali Mohamed Dawood	Noora Hadi Mohamed Al-Masari	2017	2020	Microbiology	Biological and Molecular studies on some viruses infecting economic plants in Jazan region
Dr. Rania Salah Abdel Hamid Shehata	Aisha Ali Ahmed Awad	2017	2020	Microbiology	Biological control of some pathogenic bacteria infecting potato in Jazan region
Dr. Lameya Farouk Abdel Ghafar Mohamed Shalaby	Ahlam Ali Ali Makhli	2017	2021	Botany	Taxonomic study of some succulent species of Euphorbia L (Euphorbiaceae) in Jazan, Saudi Arabia
Dr. Khaled El-Sayed Abu Al-Esaad Al-Gayar	Lamiya Jibril Ahmed Hakami	2018	2020	Microbiology	Characterization of thermophilic bacteria isolated from different harsh environments at Jazan region
Dr. Khaled El-Sayed Abu Al-Esaad Al-Gayar	Bandar Mohamed Jabran Al-Thubaiti	2018	2020	Microbiology	Biochemical and molecular characterization of proteolytic bacterial strains isolated from Jazan region, KSA with the application as an antibacterial agent
Dr. Diao Abdul Fattah Al-Wakeel	Sultan Amer Hassan Al-Amer	2018	2021	Microbiology	Studies on deterioration of the quality of main food grains due to fungal infection during storage in Jazan region
Dr. Abdel Aleem Abu Al-Ma'ati Jadallah	Sulaiman Abdullah Salem Al-Shahrani	2018	2021	Zoology	Molecular and histological studies on eye of mothers and their offspring's of albino rat maternally fed on high fat diet
Dr. Abdulrahman Shater	Abdullah Yahya Ali Hakami	2018	2021	Microbiology	Evaluation of microbial contamination and their toxin from nuts in Jazan Region, Saudi Arabia
Dr. Abdel Aleem Abu Al-Ma'ati Jadallah	Abdullah Rajeh Mohamed Al-Masari	2018	2021	Zoology	Effect of high fat diet on maternal and developed offspring liver of albino rats
Dr. Mohamed Mahmoud Abdel Wahab	Ali Mohamed Ali Hakami	2018	2021	Zoology	Evaluation the Protective effect of Origanum vulgare against isoniazid® (INH) induced hepatotoxicity in adult male rats

List of Thesis Title

Dr. Yahya Hassan Mahmoud	Faisal Ali Abdullah Hadadi	2018	2021	Microbiology	Isolation and characterization of Bacteriophages from fermented milk (Laban).
Dr. Mohamed Mustafa Suleiman	Mufarrah Mohamed Ahmed Al-Barqi	2018	2021	Zoology	The therapeutic potential of Origanum vulgare (Oregano) leaves extract for the treatment of diabetic symptoms in male albino rats
Prof. Dr. Abdullah Tharwat Abdel Khalek	Mahdi Ibrahim Hassan Aqili	2018	2021	Zoology	Biodiversity of fish helminth parasites as bioindicator of water quality in Jazan coastal area
Dr. Adel Al-Habbabi	Aisha Ali Shams Al-Din Al-Rifa'i	2018	2021	Zoology	Studies on fish biodiversity from two coral reef habitats near Jazan Coast
Dr. Adel Al-Habbabi	Fatima Ahmed Mohamed Majrashi	2018	2021	Zoology	Assessment of status of coral reef ecology in two islands in Jazan region
Prof. Dr. Ahmed Al-Zahri Zaid Farag	Raga'a Mohamed Moussa Areeji	2018	2021	Zoology	Comparative morphological study on the alimentary tract of two species of marine fishes from red sea coast of Jazan in relation to their feeding habits
Dr. Daa Abdul Fattah Al-Wakeel	Wiam Faleqi Mohamed Sadiq	2018	2021	Microbiology	A study on the antagonistic capability of Trichoderma harzianum isolates against some phytopathogenic soilborne fungi
Dr. Mabrouk Abu Zaid Mabrouk	Khaira Ahmed Ali Yatimi	2018	2021	Zoology	Impact of Bee venom on some immunological and hematological parameters in Albino rats
Dr. Salama Zidan	Fatima Qassem Ahmed Jafari	2018	2021	Zoology	Studies on the efficacy of certain plant extracts on the mosquito vector Culex pipiens (Diptera: culicidae)
Dr. Mesbah Al-Hamdi	Bushra Ahmed Ali Yami	2018	2021	Microbiology	Phenotypic and genetic diversity of root-nodulating bacteria associated with Guar (Cyamopsis tetragonoloba) growing in different regions of Jazan
Dr. Mesbah Al-Hamdi	Ashwaq Idris Yahya Dhikra	2018	2021	Microbiology	Molecular diversity of root-nodules bacteria isolated from fenugreek (Trigonella foenum-graecum) growing in different Jazan regions.
Dr. Said Ayman Hassan	Ghadir Mohamed Ali Sayigh	2018	2021	Botany	Role of Nitric oxide on tomato cultivar
Dr. Said Ayman Hassan	Ishraq Mohamed Ahmed Hadi Mahzari	2018	2021	Botany	Role of salicylic acid on cadmium stressed sunflower
Dr. Said Ayman Hassan	Hashima Yahya Qasim Ghazwani	2018	2021	Botany	Ameliorating role of hydrogen peroxide (H ₂ O ₂) on saline stressed Vigna radiate
Prof. Dr. Emad Abada	Amjad Mohamed Ahmed Al-Zahrani	2018	2021	Microbiology	Production of pectinase from bacteria isolated from agricultural crop wastes of Jazan region
Prof. Dr. Yahya Masrahi	Hind Ayal Mohamed Hakami	2018	2021	Botany	Anatomical Characters in Some Halophytes: Comparative Ecological Study

List of Thesis Title

Dr. Lameya Farouk Shalaby	Wafa Hamad Ahmed Maqbool	2018	2021	Botany	Ecological Adaptation in some Sand Dune Grasses: Morpho-Anatomical Study
Dr. Lameya Farouk Shalaby	Aisha Said Mu'id Al-Umari	2018	2021	Botany	Taxonomical and Ecological Studies of Grasses (Poaceae) in Jazan , SW Saudia Arabia
Dr. Mohamed Aslam Khan	Sharifa Moussa Ali Sharaihli	2018	2021	Zoology	Role of microbial biopesticides in the management of lepidopteran Pest
Prof. Dr. Marwa Bakri	Najia Ahmed Ali Kurdi	2018	2021	Microbiology	Efficiency of Hepatitis B Vaccine in Jazan Region Preparation
Dr. Ashraf Mohamed Eissa	Amina Abda Shou'ei Hamdi	2018	2021	Microbiology	Characterization of plant growth promoting rhizobacteria (PGPR) and their ameliorative role against salinity stress in some plants
Dr. Mohamed Mustafa Suleiman	Raga'a Mohamed Wali Maghfouri	2018	2021	Zoology	Assessment of the therapeutic role of Mangifera indica leaves extract in diabetic albino rats
Dr. Mabrouk Abu Zaid Mabrouk	Aisha Ali Mohamed Hamdi	2018	2021	Zoology	Evaluation study of immunoglobulins and some cytokines in experimental rats model infected with Giardia lamblia
Dr. Mabrouk Abu Zaid Mabrouk	Salha Mohamed Moussa Khurmi	2018	2021	Zoology	Action of propolis on immune system and hematological parameters in albino rats
Dr. Mohamed Mahmoud Abdel Wahab	Reem Ahmed Mohamed Maghrabi	2018	2022	Zoology	Studies of the effect of a non-steroidal anti-inflammatory drug on induced liver toxicity in albino rats
Prof. Dr. Mohamed Abdullah Al-Aboud	Saad Ali Saad Al-Bishi	2018	2022	Microbiology	Characterization and antimicrobial activity of natural resources from Jazan region
Prof. Dr. Emad Abada	Melhem Faneesan Melhem Al-Dosari	2018	2022	Microbiology	Characterization and antimicrobial activity of natural resources from Jazan region
Prof. Dr. Salah Ali Mustafa Taleb	Moussa Mohamed Hussein Ayashi	2018	2022	Microbiology	Assessment of pathogenic bacteria isolated from Tomatoes (Lycopersicon esculentum) sold in local markets of Jazan region
Dr. Mohamed Nasr Al-Laythi	Azhar Yahya Ibrahim Al-Naimi	2018	2022	Microbiology	Isolation and Characterization of Bacillus thuringiensis from Jazan soil, Saudi Arabia
Dr. Ashraf Mohamed Eissa	Maryam Mohamed Yahya Al-Qarni	2018	2022	Microbiology	Bioremediation of Some Heavy Metals by Using of Bacterial Isolates in Jazan Region
Prof. Dr. Yahya bin Suleiman Masrahi	Wasayef Muslim Salama Al-Atwi	2019	2021	Botany	Ecological Significance of Xylem Anatomy in Some Xerophytes
Dr. Ahmed Mohamed Riyadh	Yusuf Salem Mar'i Al-Fifi	2019	2022	Botany	Isolation and identification of thermotolerant actinobacteria from the rhizosphere of some wild plants in Jazan region
Dr. Maqbool Tokotatel Koti Yamo	Yusuf Hussein Mohamed Munski	2019	2022	Zoology	Studies on diversity of marine Mollusca as bioindicators of water quality along Jazan coast
Prof. Dr. Emad Abada	Raga'a Yahya Mohamed Najjar	2019	2022	Microbiology	Biosynthesis and antimicrobial activity of silver nanoparticles using Annona squamosa leaf extract from Jazan region

List of Thesis Title

Prof. Dr. Emad Abada	Hadeel Abdullah Mohamed Al-Balwi	2019	2022	Microbiology	Antimicrobial activity of silver nanoparticles (AgNPs) synthesized by bacteria isolated from Jazan region
Dr. Ahmed Mohamed Riyadh	Fajr Hidayat Allah Amin Allah Makhdoum	2019	2022	Microbiology	Screening study for Microbial diversity associated with Petroleum oil biodegradation in Jazan region
Prof. Dr. Salah Ali Mustafa Taleb	Masha'el Ma'younf Eissa Al-Umari	2019	2022	Microbiology	Isolation and characterization of Staphylococcus aureus from different sources in Jazan region
Dr. Abdel Aleem Abu Al-Ma'ati Jadallah	Hanadi Ahmed Hamad Hamzi	2019	2022	Zoology	Placental hypoxia and fetal development in the rat preeclampsia model
Dr. Abdel Aleem Abu Al-Ma'ati Jadallah	Ruba Abda Ahmed Ateef	2019	2022	Zoology	Hazard Effects of Serotonin Deficiency on Pregnant rats and their offspring
Prof. Dr. Abdullah Tharwat Abdel Khalek	Reem Ahmed Hussein Faqihi	2019	2022	Zoology	Spatial and temporal distribution of zooplankton at Jazan coastal areas as bio-indicator for water criteria
Dr. Ashraf Eissa	Nauf Ali Ahmed Al-Khawaji	2019	2022	Microbiology	Biodegradation of some endocrine disruptors using bacteria isolated from Jazan, Saudi Arabia
Prof. Dr. Qassem Abu Tawil	Abdulrahman Faisal Hadi Hakami	2019	2023	Zoology	Light and Dark Durations Effect on Behavioral and some Biochemical and Hematological Parameters in Male Swiss-Webster Strain Mice
Prof. Dr. Emad Abada	Fatima bint Mohamed bin Hussein Habib	2020	2022	Microbiology	Biosynthesis and study the antimicrobial activity of silver nanoparticles using Senna italica from the Jazan region
Prof. Dr. Mohamed Al-Aboud	Aisha Mohamed Ahmed Asiri	2020	2023	Microbiology	Antimicrobial Activity of Plants Belonging to Genus Acacia in South Western Saudi Arabia
Prof. Dr. Yahya Masrahi	Khadija Ali Abdullah Hamdi	2020	2023	Botany	Ecological studies on two mangroves (Avicennia marina and Rhizophora mucronate), Southern Red sea in Saudi Arabia
Dr. Yahya Hassan	Ikhlas Mohamed Hussein Sawadi	2020	2023	Microbiology	Detection and characterization of Campylobacter species and their phages from chicken meat retailed in Jazan city «KSA
Prof. Dr. Qassem Abu Tawil	Atheer Marouqi Mohamed Hawaf	2020	2023	Zoology	Perinatal Cannabis Exposure Effects on Growth, Behavioral and Biochemical Aspects in Swiss Webster Strain Mice Offspring
Dr. Khateeb Sayed Ismail	Amani Dhiab Za'al Al-Jahni	2021	2024	Microbiology	Antimicrobial activity of plants belonging to genus Acacia in Saudi Arabia.
Prof. Dr. Mohamed Abdullah Al-Aboud	Ghusoon Hassan Jaber Al-Fifi	2022	2025	Microbiology	Study of bioactivities of some algae from red sea coast of Jazan region, Saudi Arabia
Dr. Mohamed Abdulaziz Al-Fattah	Bashayer Ali Yahya Hamzi	2022	2025	Zoology	The effect of Physalis peruviana L. Extract on Letrozole-Induced Polycystic Ovarian Syndrome (PCOS) in Rats.
Dr. Mohamed Abdulaziz Al-Fattah	Riham Mohamed Ali Aqili	2022	2025	Zoology	The effect of Withania somnifera Extract on Letrozole-Induced Polycystic Ovarian Syndrome (PCOS) in Rats.

List of Thesis Title

Prof. Dr. Yahya Masrahi	Hiba Abdullah Yahya Sufiani	2023	2025	Botany	Ecological Studies on two succulent species, southwestern Saudi Arabia
Prof. Dr. Emad Abdulmonem Abada	Rabab Ibrahim Malhowi	2023	2025	Microbiology	Antimicrobial efficacy of leaf extracts of <i>Leucas urticifolia</i> against multidrug-resistance (MDR) and food spoilage microorganisms
Prof. Dr. Yahya Masrahi	Ghada Musaid Matalq Al-Harbi	2023	2024	Botany	Studies on some morpho-anatomical characters in two Xerophytes from Saudi Arabia
